

SweetChair

The unique structure of **SweetChair** provides a seat that combines design and technology. The precise ergonomics and extreme versatility of **SweetChair** make it the ideal choice for either professional or home use. You only need a moment to appreciate the comfort offered: a fully adjustable reclining backrest and heated marble slab to produce an unforgettable sensation of relaxation.

**A sensation of enveloping warmth:** **SweetChair** has an infrared heating system as standard that releases and transfers heat over the entire surface of the stone.

**Digital thermostat:** The digital thermostat can regulate the temperature up to 41.5° C, transforming the smooth and silky surface of the marble into an alcove of perfect rest.

**Waterproof structure:** The waterproof structure of this chaise longue makes it suitable for indoor and outdoor use even in particularly damp locations.

**Leather headrest:** With its soft leather headrest, **SweetChair** becomes the ideal bed for indulging in warm, comfortable rest.

**Recliner buttons:** Automatic full adjustment of the seat angle allows everyone to find their ideal position for relaxing or reading (optional feature).

**Dimension:** 193 L x 68 W x 83,5 H / 42 Hs
